### TOWN REGISTRATION REQUIREMENTS:

Three (3) sets of construction plans that include the following:

- ☐ The proposed location and route of all facilities within Public Rights-of-Way to be constructed, installed, expanded, replaced, removed or maintained.
- ☐ The location of all Public Rights-of-Way boundaries at the proposed facilities.
- ☐ A description of all existing Town utilities that could potentially conflict with applicant's proposed route, including Town profiles, if available, when crossing any Town utility.
- ☐ A description of the type and size of facilities the applicant proposes to install.
- ☐ A description of any bores or trenches the applicant proposes to dig, and any handholes, manholes, switchgear, transformers, pedestals, etc. the applicant proposes to install, showing the approximate depth of such construction and installations along with any variance from standard Town trenching details.
- ☐ A description of plans to remove and replace pavement if such plans differ from the Town construction requirements.
- ☐ A typical section of all equipment (pedestals, transformers, etc.) to be set, including pad sizes if required.
- ☐ A traffic control plan, unless demonstrated not applicable as approved by the Town Administrator or designee.
- ☐ The construction and installation methods to be employed for the protection of existing structures, fixtures and facilities within or adjacent to the Public Rights-of-Way, and the
- ☐ A complete legend of drawings submitted by applicant.
- ☐ An erosion control plan, to the extent required by the Town's Engineering Design Criteria and Construction Standards, as amended.
